Pro Senectute Foundation, devoted to old people for more than 100 years.

The Pro Senectute Valais Foundation helps elder people in Valais. It helps them to stay home as long as possible in the best conditions. It also offers them the possibility to practice sport and take part to a social life. Sponsoring the association is a way to fight solitude and isolation for the elder ones.

Projo Association

Its goal is to financially sustain local people suffering from spinal cord injuries. It sponsors them so that they can benefit from every possible healing therapy that is not covered by their private insurance.

Its name is a contraction of For-Jonas, the key teenager of this association who had a terrible ski accident leading to a tetraplegia on 2nd December 2017.
